IS REPORTED OUTAs Recommended to House, It Will  
Raise \$1,800,000,000 and is  
Based on Three Things

## INCOMES AND PROFITS HIT

Committee Decides to Assess Addi-  
tion One-Third on All Incomes  
During Year 1916

(By United Press.)

Washington, May 9.—The house ways and means committee today reported out the \$1,800,000,000 revenue bill. It was immediately introduced by Chairman Kitchen.

The committee today added a new provision for a one cent a pound tax on all coffee, two cents a pound on all tea in the country at the present time, excepting that held by individuals for their own use or held by retailers.

Kitchen announced that he will call the bill up for action when the house meets tomorrow. He said he thought there would be two days of general debate.

The new tax provided in the bill will take one-third of incomes of half a million dollars and runs up to where it takes half of the incomes of over two million dollars. Incomes, inheritances and profits are the main basis of taxation.

The committee decided to assess an additional 33 1/3 per cent on all incomes during the year 1916. If a man paid a \$30 tax he must pay \$10 more on his last year's income.

OPERATORS PRESENT  
THEIR SIDE OF STORYDeclare There is No Arrangement  
Among Them by Which Prices  
of Coal Were Fixed.

## PREVIOUSLY LOST MONEY

(By United Press.)

Indianapolis, Ind., May 9.—Coal mine operators told their side of the story to the Public Service Commission today. They declared there was no arrangement between the mine operators by which prices were fixed and that the law of supply and demand alone was the only basis for fixing prices.

A. M. Ogle, president of the Vandalia Coal company, declared that previous to the increase in price, mines were operating at a loss and the coal business was in a deplorable condition.

The mysterious "Mr. Hall" appeared at the meeting. He failed to give any startling testimony. About twenty of the largest coal mine operators of the state attended the meeting.

Why Women Are  
Shrewd BuyersAny man will tell you that his  
wife can get more out of a dol-  
lar than he can.Women have the natural  
value sense—they know what  
their money's worth means.One reason for this is that  
women are great readers of ad-  
vertising. No part of a news-  
paper is of greater interest to  
them than the advertising col-  
umns.They study them daily and  
they shop as carefully through  
the newspapers as they do when  
they go to the stores themselves.Without the advertising, the  
newspapers would lose half of  
their women readers. Incident-  
ally, local merchants would lose  
more than half of their business.SIX HIGH SCHOOL BOYS  
HEAR CALL OF FARMAllowed to Work in Order to Help in  
Larger Crops Movement and  
Will Get Service Credits

## SOME TO TAKE EXAMINATIONS

Country boys attending the local high school have heard the call to the farm and as a result their ranks in the school have almost been depleted. The school authorities are co-operating with the state and federal government and allowing the boys to do their "bit" for their country. The boys will receive credit in the school.

A total of six boys have withdrawn from school to work in the country. Five of these live in the country and the sixth is a Rushville boy—Emerson Headlee—who has gone to a farm for the summer. Some of the boys will take a special examination at the end of the term and all are required to report to the school authorities the number of days they work on the farm. These service credits will hold good for the spring term only.

Besides Headlee the boys withdrawing from school to work in the country are: Lottis Gartin, Walter Stevens, Otto Morre, Mull Sampson and Oliver Dill.

DEPOSITS LARGEST  
IN COUNTY'S HISTORYTotal Taxes Collected Since Last  
Fall Amount to \$318,170.10,  
Treasurer's Books Show

## \$24,988.90 PAID IN MONDAY

According to actual figures compiled in the county treasurer's office Rush county had the largest sum on deposit in the banks of the county today in the history of the county. The correct amount of money payable to the county today was \$564,907.55.

Since last fall the amount of taxes paid into the county was \$38,170.10. This includes the sum of \$24,988.90, which was collected Monday, the final day of the spring tax paying season. The amount of taxes collected this spring is greater by \$20,000 than last year. This is because of higher rates and higher valuations. Deputy Treasurer Charles A. Frazee said the delinquency would run around the usual amount.

In taking in the sum of \$24,988.90 Monday, the office was just one cent long after the checking up had been completed.

WILL BUY OLD AND  
NEW MERCHANT SHIPSGovernment Decides to Make Two  
Billion Dollars Available by  
Tacking it on Emergency Bill

## WILSON MEETS CONGRESSMEN

(By United Press.)

Washington, May 9.—The billion dollars Uncle Sam will spend at once for ships to combat the submarine menace will go for the purchase of second hand vessels and the construction of new ones.

This was decided on today at a two hour's conference between the president and thirty members of both houses of congress and officers of the government ship board.

The congressional delegation represented all factions of both parties. The plan decided on is to attach the appropriation on the emergency deficiency bill, making it available at once.

## COMMITTEE GOES TO MAYS

Rushville Chapter to be Represent-  
ed at Red Cross Organization

A committee from the Rushville chapter of the Red Cross will go to Mays tonight for the public meeting at the Mays town hall when an auxiliary will be permanently organized there. A temporary organization has already been perfected with 32 members and tonight a campaign will be started for a large membership. The committee going from here will consist of Mrs. Harrie Jones, Mrs. A. L. Stewart, Miss Henrietta Coleman and E. B. Thomas. Several other auxiliaries are in the process of formation in the county.

MAY INVESTIGATE  
KILLING OF SHEEPGrand Jury, Called For Next Mon-  
day, is Likely to Make Inquiry  
in Harboring of Dogs

## LOSS OF \$350 IN TOWNSHIP

One of the first things that is expected to be investigated by the grand jury, when it meets next Monday, is the harboring of sheep killing dogs in Rushville township. The dogs have killed many sheep in the Webb neighborhood and the people there declare there are several dogs known to be sheep killers, which are being harbored, despite the fact demands have been made to have the dogs killed. The loss of sheep from dogs has cost this township over \$350 in the past two weeks, and it is known that the grand jury will get some evidence along this line.

Judge Sparks called the grand jury today. This will be the first session of the grand jury for the May term of court. The members of the grand jury are: Jehu Smith, Jackson township; Thomas Ertle, Center; Milton Osborn, Center; William A. Alexander, Rushville; William E. Wallace, Rushville and Horace E. Glidden, Washington township.

DIAPASONS TO MEET  
HERE SUNDAY MAY 20John A. Spurrier Receives Word  
That C. C. Chester of Des Moines,  
an Early Teacher, Will Come

## SPECIAL PROGRAM PLANNED

The annual meeting of the Diapason singing class of Rush county will be held at the Main Street Christian church Sunday afternoon, May 20. John A. Spurrier, the head of the county organization, has received word that C. C. Chester of Des Moines, Iowa, one of the early teachers in the county of Diapason music, will come here for the meeting. Mr. Chester made the trip last year from Des Moines solely for the purpose of being present at the meeting and meeting old friends.

Mr. Spurrier has written to Stephen Dugan of Franklin, Ind., the first teacher of a Diapason class in the county, urging him to be present, but it is doubtful whether he will come because he went blind recently and is very feeble.

The Diapason program always opens with "America," and this year it will be even more appropriate. Several solos besides the Diapason music will be interspersed in the program this year.

French Lick—Employees of the French Lick hotel, owned by Thomas Taggart, have been supplied with a half acre of ground on which they may raise their own garden.

## ACTIVITY AT FACTORY SITE

Men Start Work There Today—  
Stock Certificates Delivered

The site of the Modern Appliance company took on activity this afternoon when tool sheds were being put up and active preparations started on the building which will be rushed to completion as soon as possible. John Crawley, who will superintend the construction, had six men at work.

A representative of the company was out this afternoon delivering the stock certificates and collecting the subscriptions.

DRILLING SQUAD FOR  
RUSHVILLE PROPOSEDUniform Rank, Knights of Pythias,  
Makes Suggestion and Officers  
Offer Their Services

## A CHANCE TO LEARN TACTICS

A plan has been suggested whereby Rushville men could get lessons in drilling and military tactics by establishing a camp here for that purpose. Members of the Uniform Rank, Knights of Pythias, have made the suggestion and present and former officers of the company have offered their services if there is enough interest in the project to go ahead with it.

All things military are being given consideration now. In the larger cities of the United States there has been a pronounced movement toward preparedness. The magazines and newspapers picture men from all walks of life drilling and preparing for possible call to the service. In the larger cities the roofs of buildings are being utilized for drilling.

It is pointed out by those making the suggestion that such training would not be harmful to any man and that many benefits would be derived though they may never be called on to go to war.

SAYS MIDDLEWEST  
MIGHT WIN THE WARArriving in Philadelphia, French  
Commission Head Says He Nev-  
er Realized Its Resources

## JOFFRE NOTES PREPARATION

By GEORGE R. MARTIN  
(U. P. Staff Correspondent.)

Philadelphia, Pa., May 9.—Bringing with it the middle west's "win the war" pledge to the allies the French commission arrived here today. After a few hours here the commission will hurry on to New York.

Vice-premier Viviani today declared the middle west might win the war.

"It took personal contact for us to realize the immensity of the middle west's resources," said Viviani. "The unlimited part that territory could play in planting larger crops might win the war."

Marshall Joffre said, "Enthusiasm manifested everywhere shows America fully realizes the situation. They are preparing for it with the same earnest spirit that actuated citizens of France early in the war."

Each member of the French commission kissed the Liberty Bell in Independence hall. There was absolute silence as the men tiptoed forward and kissed the bell. The commission paid homage to Independence Hall, Viviani hailing it as the first place of the liberty of the world.

BOY TO BE RETURNED  
TO THE ORPHANS HOMEJohn Simpson, Age 12, Confesses  
Stealing Mrs. Lee Smiley's  
Pocketbook

## ADMITS OTHER THEFTS ALSO

John Simpson, 12 years old, who has made his home in this city for some time, will be returned to the Indianapolis Orphans asylum following a confession that he stole a pocketbook from Mrs. Lee Smiley of Homer yesterday afternoon. Mrs. Smiley was at the C. I. & W. station waiting for the southbound Pennsylvania train when the boy took the pocketbook, which contained about ninety cents in money.

He was trailed and finally rounded up by the police. Chief Yakey last night succeeded in getting a confession out of the boy and in his statement he told of numerous other thefts, including a fountain pen taken from the Drake store. The boy had been warned several times previous and the orphans home officials told the police that the next time he did anything wrong to notify them and they would send for him. The authorities were expected here this afternoon after the boy.

20,000 PRISONERS  
TAKEN SINCE APRIL 1Chancellor Bonar Law Says Losses  
Are 50 to 75 Per Cent Less  
Than in Somme Offensive.

## DAILY EXPENSE \$34,560,000

(By United Press.)

London, May 9.—Since April 1, British forces have captured more than 20,000 German prisoners and taken 800 guns, Chancellor Bonar Law announced in the house of commons today.

The chancellor said the British casualties in the recent offensive have been from 50 to 75 per cent less than those incurred by the British troops along the Somme.

England's war expense each day at present is \$34,560,000, Bonar Law announced introducing a new vote of credit.

URGES REFORMS FOR  
THE CONSTITUTIONPresident Fox Submits Recommen-  
dation to Annual Meeting of  
State Labor Federation

## REFERENDUM, RECALL ASKED

(By United Press.)

Anderson, Ind., May 9.—President Fox today submitted his recommendations regarding the constitutional convention to the annual meeting of the Indiana Federation of Labor. He urged that labor insist that the following be included in the new constitution:

Initiative, referendum, recall, compulsory workmen's compensation, tax reform and that such questions as prohibition and woman's suffrage be submitted to a vote of the people separate from the constitution.

## TO TRY FOR OFFICERS CORPS.

Russel Titworth, son of John A. Titworth of this city, a student in Earlham college, is one of a number of students signing up for the officers reserve corps training camp at Fort Benjamin Harrison. All Earlham men who enlist in the army or agree to work on the farm will receive full credit for the year's work.

Gary—Emil L. Schrap, a draughtsman employed at the steel mills, was arrested for making insulting remarks about the president.

2 DIVORCE SUITS  
ARE HEARD TODAYMrs. Lillian Osborne Granted Decree  
From Claude Osborne, Whose  
Whereabouts Are Unknown

## DEMURRER IS SUSTAINED

Special Judge Green Finds For De-  
fendant in Preliminary Fight  
in Hinchman Divorce Case

While Judge Sparks was hearing the divorce suit of Mrs. Lillian Osborn against Claude Osborn this morning, Thomas M. Green, acting as special judge, heard an argument on a demurrer in the divorce suit of Mrs. Dessie Hinchman against William E. Hinchman.

Mrs. Osborn was granted a divorce upon payment of the costs and Special Judge Green sustained the demurrer to the Hinchman complaint. Mrs. Osborn alleged abandonment. The defendant's whereabouts are unknown.

The Hinchman divorce suit was filed Monday and the result this morning favored the defendant. The complaint alleged cruel and inhuman treatment and the court held that it failed to state any facts that constitute cruelty. The action was rather unusual and the argument attracted considerable attention.

Douglas Morris, in declaring that the demurrer should be sustained, asserted that the complaint failed to point out any acts of violence that might be construed as cruel and inhuman and attacked the complaint because it was too general and declared that the mere use of adjectives did not make the complaint good for a cause of divorce.

Chauncey Duncan, representing the plaintiff, who drew up the complaint, held that the facts and things cited in the complaint all tended to constitute cruel and inhuman treatment. The future action of the plaintiff is not known. An appeal may be taken or an amended complaint filed.

The appraisers appointed in the suit of Washington School township, by Ed V. Jackson, trustee, against Edson L. Aiken, trustee of the Augustus Glidden estate, filed their report, fixing the price for the four acres of land wanted for school purposes at \$1,300. The appraisers were Lennéa Hays, Dr. C. L. Smullen and William White. The four acres of ground adjoins the Raleigh school and the land is wanted for a playground. It is understood that the school township will accept the appraisal, although nothing definite has yet been done.

## IS CAUGHT IN LINE SHAFT

Eugene Dickerson, 16, Seriously  
Hurt at Carthage Strawboard

Eugene Dickerson, age sixteen years, son of Mr. and Mrs. Henry Dickerson, was seriously hurt at the Carthage strawboard works this morning at eight o'clock when he was caught in a line shaft. He was brought here immediately in a machine by Dr. Sipe and taken to Sexton's sanatorium where an operation was performed to replace some of the torn skin. The most serious injury was in the abdominal regions of the body. It was not thought this afternoon that the injuries would prove fatal. A number of local physicians were called for the operation.

## A FILM FOR MOTHERS

A moving picture film for mothers "The Care of the Baby" will be shown at the Graham Annex auditorium at two o'clock tomorrow afternoon. The admission will be free and all mothers are urged to attend.

PINNELL & TOMPKINS LUMBER CO.  
Rushville, Indiana

## Serum Station.....

The Swine Breeders Pure Serum Company of Thorntown, Indiana, has established a Serum Station at Rushville for the benefit of their stockholders and also the farmers of this part of the State who want to use a high class serum.

We sell direct to the farmer and guarantee him the best, pure, potent serum and virus that can be obtained anywhere. This serum is strictly troat bled serum, obtained by killing the hog outright and this is the only plant in the country using this method.

The company has arranged to keep serum on hands at Kramer's Cold Storage Plant, and anyone wanting serum can get it any time. We are prepared to answer calls for vaccination at all times and have an office with the Nipp Insurance Company over the Rushville National Bank.

## MAY WHEAT ADVANCES 14 CENTS IN CHICAGO

Other Grain Prices Gain Only Slightly and Hog Quotations Remain Steady in Indianapolis.

### RECEIPTS ARE SAME TODAY

May wheat in Chicago reached a new level today when it closed at \$3.11, a gain of fourteen cents over yesterday's close. Other grain remained about the same, with only a few slight gains being noted.

Indianapolis hog quotations were steady and receipts were the same. Indianapolis wheat went up fourteen cents; corn, three, and oats were steady.

July wheat in Chicago advanced twelve and three-quarters cents; September, twelve and a quarter. May corn was up a cent and a half; July, two and three-eighths; September, one and three-quarters.

Rushville wheat quotations reached three dollars today, a gain of ten cents, but other grain was unchanged.

## Home Beautiful Home

YES, THESE TERMS HAVE A PECULIAR SIGNIFICANCE

To beautify the home is not only desirable, but of all your expenditures it is the most highly important—it brings at once the greatest joy and the most lasting benefit

Our Rugs, Fillers, Linoleums, Matting, Shades, Extension Rods and Draperies are selected with rare judgment—and are the last word of their art.

OUR CONSTANT AIM — REASONABLE PRICE

We always stand for quality, as against quantity, because a little added for quality saves so largely on quantity—it becomes the only avenue to true economy.

COME. Allow us to show you a great assortment of useful articles for that home. Let us be of assistance to you.

WE KNOW HOW — THAT'S WHY WE ARE HERE

## Guffin Dry Goods Company

Featuring Ladies' Ready-to-Wear

## WE ARE TRYING TO KEEP PRICES DOWN

Since this war commenced there has been a tremendous increase in prices, due partly to legitimate reasons, but mostly to an insane scramble everywhere to boost prices and get rich quick. Sooner or later the government will take a hand and compel a reduction of prices to normal conditions. Then the price booster will pay the penalty of his greed in the loss of customers. The people will go to the merchant who has done his best for them in keeping prices down as much as he could.

SEED POTATOES—We still have a good supply of all varieties—PRICES REASONABLE.

## MARINE CORPS ISSUES A WARNING AGAINST THE MODERN GABRIEL

Washington, May 9—Longfellow's "Evangeline" still wanders. From coast to coast, lingering here and there to grasp of the forbidden fruit, Henry Wadsworth Longfellow also wanders in a vain attempt to enlist in the United States Marine Corps and be "first to fight."

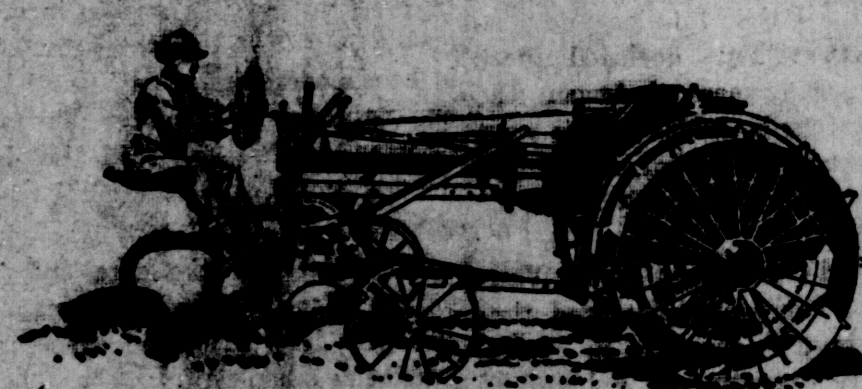

Longfellow has been rejected for enlistment on account of physical disability in six widely separated cities during the past month. The Marine Corps issued a bulletin today to all its recruiting stations to be on the lookout for the modern "Gabriel" and not accept him for enlistment.

### Notice to Bidders

Notice is hereby given that the Board of Commissioners of Rush County, Indiana, will offer for sale at public auction at the County Auditor's office at 2:00 o'clock p. m. on MONDAY, JULY 9, 1917, the material of the wrecked bridge over Big Blue River on the Rush-Kanawha County line, to the highest bidder. The board reserves the right to reject any and all bids. Witness my hand and seal this 7th day of May, 1917.

Auditor Rush County.  
May 9-11

## MOLINE Universal Tractor

As Powerful as 5 Horses  
Does as Much Work as 7 Horses  
Costs Less than 4 Horses  
Requires less Care than 1 Horse  
Less Room than 1 Horse  
Runs Only When it Works

### The Ideal Tractor

No other tractor in the world with so much power and so little expense. The Moline Universal Tractor is the only tractor that can be used for all farm work. It can be used for plowing, harrowing, mowing, and all other farm work. It is the only tractor that can be used for all farm work.

### Cut the Cost of Horse Labor

The cost of horse labor is almost one-half the price operating expense on the average farm. A farm horse averages only 35 hours work a day through the year, and a good state of soil (with maintenance) will require 25 minutes a day to maintain a horse, and requires 25 minutes a day to maintain a horse, and requires 25 minutes a day to maintain a horse.

### A Real One-Man Tractor

The Moline Universal Tractor is the only tractor that can be used for all farm work. It can be used for plowing, harrowing, mowing, and all other farm work. It is the only tractor that can be used for all farm work.

Let us tell you how the Moline Universal Tractor can reduce the cost of power on your farm. It will pay you.

EAT LESS---  
IT WILL DO  
YOU MORE  
GOOD

FOLLOW YOUR MEAL WITH A  
LITTLE PEPSINCO—YOUR FOOD  
WILL SATISFY FOR A LONGER  
TIME—NONE WILL BE WASTED.  
IT WILL DO YOU 100 PER CENT  
GOOD.

It's a mistaken idea that the more  
you eat the more good it will do you.  
It's not what you eat; it's what you  
digest that does you good. Eat less—  
take Pepsinco and you'll feel better—  
you'll thoroughly enjoy what you eat  
and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps  
weak stomachs. It prevents strong  
stomachs becoming weak through care-  
lessness in eating. Let Pepsinco di-  
gest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpen-  
sive. Hundreds have Pepsinco handy  
for such an exigency. Many suffer  
after every meal—they don't use Pep-  
sinco. Thousands eat with a relish—  
they use Pepsinco.

No need for sour stomach, sick head-  
ache, indigestion, bloating, heartburn  
and food distress. Pepsinco must surely  
be used when your food kicks back;  
when stomach pains; when you belch  
up sour stuff; when you get up in the  
morning with a mean, disagreeable,  
dark brown taste; when your food  
does not taste natural; when stomach  
revolts at the sight of food; when  
sleep is interrupted with bad dreams;  
when breathing is heavy from gas pres-  
sure. Pepsinco never fails to help in  
all cases where misery follows a meal.

Thousands today are using Pepsinco,  
happy in the thought that they have a  
reliable preparation to fall back on if  
stomach fails them. All druggists carry  
Pepsinco in small packages—large  
enough to show what they are worth.  
Get a package today, now, at once and  
not only help your stomach, but also  
cut your food bill down.

Neglect to Drink Water a  
Common Dietetic Fault

If you would have health you must  
drink good water and plenty of it.  
Just now, when spring is beginning  
operations, Dr. Nature shows the way,  
says the Country Gentleman. It's wa-  
ter everywhere and in everything. Man  
consists of 88 1/4 per cent water, and  
water makes 70 per cent of the entire  
body weight. The habits of man's  
cells are aquatic. Recent medical  
books written by the highest authori-  
ties of America and Europe—books  
published within the past two years—  
give new emphasis to the need and  
value of water in the human system.  
One of the most authoritative states  
that water is entitled to rank as a  
food because it enters into the struc-  
tural composition of all foods as well  
as into the tissues of the body. One  
of the most universal dietetic faults is  
neglect to take enough water into the  
system.

The time is coming when every en-  
lightened farmer will have his water  
supply inspected regularly. In our  
better days we shall have a service  
that will give to every section an ex-  
amination and supervision of water  
used by human beings. In some states  
analysis may be had at small expense,  
and it is flying in the face of Provi-  
dence not to profit by this.

RETRENCHMENT IS URGED

Governor Asks County and Town-  
ship Officials to Avoid Purchases

(By United Press.)

Indianapolis, Ind., May 9.—Gov-  
ernor Goodrich today sent a letter  
to the boards of commissioners,  
township trustees and common  
councils of the state urging that  
they avoid purchasing supplies of  
any kind this year. He urged that  
they continue the policy of co-op-  
eration and buy as few supplies as  
possible until after the high price  
period has passed.

CAUSE FOR DEMONSTRATION

First American Armed Force  
Marches Through Paris

(By United Press.)

Paris, May 9.—America's first  
armed force for the front marched  
through the streets of Paris today  
and was acclaimed amidst the  
wildest demonstration the city has  
witnessed in years. Fifty men clad  
in khaki, armed with rifles and bear-  
ing the American flag were in line.  
They were the first detachment of  
the newly organized munition trans-  
port branch of the American am-  
bulance corps.

EXTRADITION IS REFUSED

Pennsylvania Denies New York's  
Claim on Harry K. Thaw.

(By United Press.)

Harrisburg, Pa., May 9.—Harry  
Thaw can remain in Pennsylvania.  
Governor Brumbaugh today refused  
the request of New York authorities  
for extradition.

Thaw is now in the hands of a  
committee appointed by the courts,  
said Brumbaugh and as long as this  
is the case he cannot grant the re-  
quest of Governor Whitman.

VICTOR CARLSTROM KILLED.

(By United Press.)

New York, May 9.—Victor Carl-  
strom the first aviator to make a suc-  
cessful flight from Chicago to New  
York, was killed today at Newport  
News, according to information  
reaching the Aero Club of America  
here.

## Keep Business Going

"Keep business going for our country's sake," is the slogan adopted by John Wanamaker, a business man with a nation-wide reputation, in line with the movement recently started by Howard E. Coffin, member of the national council of defense. He, like Mr. Coffin, shows how futile it is to create a condition of panic when the most favorable element of the present conditions in the United States just now is that business is good.

Here it is in a nutshell: "Our country prosperous can pay our war costs, as they come, and have enough left over to aid the allies. Our country unprosperous, with business halting, money hoarded, through fear or false economy, will be hard pressed to keep food on the table and clothing on the back."

Mr. Wanamaker points out that there could hardly be any more patriotic slogan than, "Keep business going; keep money in circulation; keep employment for everybody; keep wages good; keep on making money that we may have money for war sacrifices."

Some hysterical persons have already suggested—and have added fuel to the flames that were all ready to burst forth—that the manufacture of all luxuries be stopped. This would, of course, be ridiculous. What would become of the men who would be thus thrown out of employment? A large majority of them would be unfit for war. Even though they should go to war their families could not be supported on a soldiers pay and would become public wards. A process of readjustment to any great extent would be impossible. It is true there is a labor shortage on the farms, but the transfer of the men employed in factories making luxuries, such as automobiles and the like, would be a problem that could not be solved with any degree of success. On the whole, the advice of Mr. Wanamaker is economically and practically sound. If the people who are going to spend their money for luxuries were denied the luxuries, they would not turn their money over to the government to prosecute the war. Nothing would be gained except the throwing of thousands of men out of employment and the depression of business that would be felt in all lines of trade. The worst thing that could happen to us just now would be a business depression; it is the fear of the people of what may result.

Mr. Wanamaker, calls attention to the fact that the billions of dollars of money to be expended in war preparation will be put into circulation in our country, and this in itself will create new wealth for use in the world struggle for humanity. The one thing that might halt business now is an unpatriotic, psychological feeling of panic and a false idea of patriotic economy.

As has been frequently pointed out and as Mr. Wanamaker says, patriotic economy means the elimination of waste and extravagance. It means the conservation of our food products, our natural wealth, our health, energies, labor and our

## COAL OPERATORS AT CONFERENCE

Meet With Public Service Commission in Effort to Find Blame For Shortage

WILL DETERMINE CAPACITY

Senator Negley Prepares Measure to Let State Take Over and Conduct Mines

(By United Press.)

Indianapolis, May 9.—First active steps of the newly-reorganized public service commission to help solve the increasingly serious coal problem in Indiana were taken today at a meeting of coal operators with the commission. The entire coal situation was discussed, with particular attention being given to the questions of whether or not coal mines are able to supply needs of the state at present; at what capacity they are now operating and whether, in their opinion, they will be in a position to supply needs for next winter.

The coal proposition was the biggest problem confronting the new commission when its members took office the first of the month and they started in immediately to do what they could to solve it. Considerable agitation has been aroused for the state to take over and conduct coal mines. Sen. Harry E. Negley has prepared a bill which will give the Governor this power and will introduce it at the special

## Backache

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys.

The kidneys are the scavengers and they work day and night in separating the poisons from the blood. It is only reasonable to believe that they are liable to derangement. Their signals of distress however, are easily recognized and include such symptoms as backache, depression, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy, gout.

"The very best way to restore the kidneys to their normal state of health," says Dr. Pierce, of Buffalo, N. Y., "is to drink plenty of pure water and obtain from your favorite pharmacy a small amount of Anuric (double strength), which is dispensed by most every druggist." Anuric is inexpensive and should be taken before meals. You will find Anuric more potent than lithia, dissolving uric acid almost as water does sugar.

## NEWS OF SOUTH BEND.

South Bend, Ind.—"When I began taking Dr. Pierce's Golden Medical Discovery and Favorite Prescription I was suffering from stomach trouble, constipation, and woman's weakness. The 'Golden Medical Discovery' had been a favorite remedy for coughs with my mother. I used the two remedies off and on for nearly a year. I was relieved of the womanly trouble, and the stomach trouble improved under this treatment. The 'Pleasant Pellets' have also been used with the greatest benefit."—MRS. JOHN SHAPLEY, 613 S. Fellow St.

Pleasant Pellets regulate stomach, liver and bowels. All druggists.

## A German Submarine

Is like an inexperienced dry cleaner.

## It Destroys

But experienced dry cleaners, like us, are a benefit to any community.

Our experience is not limited to just clothes; we dry clean and press garments of the most dainty materials, removing spots or soiled places. If we find that we are unable to do so, we inform you so immediately.

Our rug and carpet cleaning department is being kept busy. We do satisfactory work, and it is far better for the rug to be dry cleaned, than to be beaten.

legislative session. He has conferred with the governor on the bill and in event coal operators are not able to supply demand, the measure may have backing of the administration.

Attorney General Stansbury has also been conducting a probe into the coal situation, with special attention given to possibility of prosecuting some of the operators under the anti-trust act. He has let it be known that he has struck "pay dirt" in his probe, although no official action has yet been taken.

Coal is found in 13 counties in Indiana and more than 6,000 square miles are underlaid. Production in 1916 was 18,141,501 tons, an increase of about 3,000,000 tons over 1915.

## FILM EXCHANGE MANAGER ON TRIAL

Details of Storing of Movies in Basement of Building Expected to be Learned

## RESULTED IN SIX DEATHS

(By United Press.)

Indianapolis, May 9.—Details of storing in the Colfax building of large quantities of moving picture films which exploded, taking a toll of 6 lives, were expected to be revealed here today when Louis Sereinsky, manager of the film exchange, went on trial on a charge of man-slaughter. Since arrest, following investigation by officials and the grand jury, Sereinsky has been at liberty under \$2,500 bond.

It is alleged that he was ordered to construct a fireproof vault and store films in it when they were not actually in use. Authorities state the vault was built but films were not stored there when fire broke out.

## G. A. R. ENCAMPMENT OPENED

Spectacle "Grouping of Colors" to be a Feature

(By United Press.)

Indianapolis, May 9.—Annual encampment of the G. A. R., Sons and Veterans and Woman's Auxiliary organizations opened here today, and will continue three days. Added interest was manifested in the meeting on account of military operations in progress.

Lieut. Gov. Edgar D. Bush, will preside at a reception and meeting for the visitors in Tomlinson hall. Mayor Joseph Bell will deliver an address. One of the main features of the meeting will be a spectacle "Grouping of Colors" in which representatives of the nations allied with U. S. in war, will participate. Each nation will be represented by one color bearer and 6 guards.

# Society

As Monday is the last business meeting of the year for the members of the Ladies Musicale, a large attendance is requested. Each member is privileged to bring a mother, and the program will be in keeping with "Mother's Day."

Twenty couples enjoyed the informal dance given in the Elks hall last evening. The Mitchell orchestra provided the splendid music and a course luncheon was served at the close of the merry rounds of dancing.

Mrs. W. J. Waite entertained sixteen members of the Aid society of the U. P. church yesterday afternoon at her home in North Morgan street. A short business meeting was held and the afternoon was concluded with a social time, during which fancywork and sewing were the main features. Refreshments were served by the hostess.

Forty members of the Loyal Daughters class of the Christian church met with Miss Grace Billings last evening at her home in East Eighth street. The assisting hostesses were Mrs. Bruce Beck, Mrs. Russell Barringer and Miss Bertha Burton. During the business meeting, they decided to sew for the Red Cross and other minor matters were brought up. At the close of the evening, refreshments were served.

Mrs. Noley Newkirk, who was one of the active members, was presented with several useful presents. She will leave for Elk Point, South Dakota, Saturday.

The members of the Sorosis club had their regular bi-monthly meeting yesterday afternoon with Mrs. Jesse Murphy at her country home east of Glenwood. Twenty members and four guests, Mrs. Charles Beaver and daughter Miss Lucile, Mrs. Theodore Murphy and Mrs. Bert Clifman of Connersville, were present. Mrs. C. M. George read a paper entitled, "The Melting Pot," and Mrs. J. T. Paxton reviewed "The New Book" one of H. G. Wells' novels. Refreshments were served at the close of the afternoon.

Mrs. Ida Wilkinson, assisted by Mrs. Martha Brown, Mrs. Frank Flint, Mrs. John Kirkpatrick, Mrs. Selman Webb, Mrs. John Finley and Mrs. Mary Poston, entertained thirty Pythian Sisters, yesterday afternoon at the home of Mrs. Wilkinson in Gosnell Avenue in honor of Mrs. Noley Newkirk, who is leaving for Elk Point, South Dakota, Saturday. Lilacs, violets and other spring flowers were used in profusion in the home, and small flags were given the guests as favors. After the pleasant afternoon over cards, the hostesses served a delectable salad course. Mrs. Newkirk was the recipient of several presents, among which was a dozen linen napkins. Mrs. Will Jackson of Anderson was the only out-of-town guest.

## Miller's Antiseptic Oil Known As Snake Oil

WIN Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.

A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis

The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Every bottle guaranteed; 25c, 50c and \$1.00 a bottle or money refunded. Get it at F. E. Wolcott's, Nylas Drugist.—Adv.

### Social Calendar

#### Thursday

Woman's Home Missionary Society of the M. E. church with Mrs. Frank Sparks, 804 North Main street.

Thursday Afternoon Card club with Mrs. Ben Humes at her home south of the city.

Catholic Aid society, with Mrs. Henry Flodder, 519 West First street.

A bazaar open to the public will be given in the K. of C. hall this evening and tomorrow evening. Eachre will be played each evening.

Twenty-five members of the Ladies Aid society of the Christian church had their regular business meeting yesterday afternoon in the parlors of the church.

Mr. and Mrs. Robert Powell entertained Miss Mary Louise and Jewel Cartelyor of Connersville at dinner yesterday. Various kinds of spring flowers were used to decorate the home.

Fred Anderson entertained a number of his friends at his home in Milroy Monday evening in honor of Miss Gladys Anderson of Richmond. Pink and white carnations were used in the dining room, where the two course luncheon was served. Music and dancing featured the evening and the guests enjoying the affairs were the Misses Anderson, Clara Archey, Gladys Amburn, Elendora Lampton, Alleen Meyer, Lulu Harcourt and Gladys Lucas, Frank Jackman, William Robinson, Earl Jones, Roy Ruddle, Lawrence Jackman and Russell Harton.

Mrs. Margaret Lightfoot entertained seventeen members of the Tuesday Afternoon Study club and three guests, Mrs. Ethel Wright of Indianapolis, Mrs. Olive Manlove and Miss Ruby Smiley of Lewisville, yesterday afternoon at her home in Raleigh. Responses by Abe Martin were made to the roll call. A short program including "A Trip to Panama" by Mrs. Ida Miles, "Indiana Industries" by Mrs. Cora Martin and current events by Mrs. Bertha Smullen, was given. Tulips and violets made a pretty decoration for the table on which the elegant course luncheon was served.

The first division of the Tri Kappa entertained the second division, last evening with a pitch-in supper at the home of Mrs. Earl Moore in North Harrison street. As the guests entered the spacious living room, they were reminded of a spring garden, masses of buttercups, violets and apple blossoms being used as decorations. A color scheme of yellow and white was used in the dining room, small baskets of buttercups were given the guests as favors and each plate was marked with small painted pots of flowers. Mrs. Earl Moore was toastmistress, and each guest responded. Mrs. Jack Knecht gave a pretty talk, thanking the girls of the first division on behalf of the girls of the second division. After the splendid supper, they held a business meeting, during which several joined the Red Cross, and they voted to buy a bolt of toweling and hem it at the meetings. Mrs. Will Norris of Ft. Wayne was the only visiting guest.

### BROTHER-IN-LAW IS DEAD

Word was received today of the death of Harvey Junken in Grand Rapids, Mich. Mr. Junken was a brother-in-law of George H. Leonidas and Homer Havens of this city, and was a former resident of Posey township. He is survived by his widow and two children, Tom Junken and Mrs. Grace Johnson. The funeral services will be conducted at Elmont, Mich.

—Dr. and Mrs. J. C. Sipe of Carthage spent the day in this city.

## TIDE IS TURNED FOR THE BRITISH

Ejected From Village of Fresnoy, Haig Aligns His Forces and Throws Them Into Battle

### LOSSES NOT YET RETRIEVED

German Gains, Until Offset, Will Hamper Further Operations in Turn of the Oppy Line

(By United Press.)

London, May 9.—The tide of battle about Fresnoy was swinging to the British today. Ejected from the village by German attack, Field Marshal Haig aligned his forces anew today and threw them into the fight there. At the time of his report he had recaptured a portion of the ground taken by the Germans.

Yesterday's loss, however is not yet retrieved and the German gain, until offset, will hamper further operations in the turn of the Oppy line. Dispatches related the strengthening of the German line by massing of German reserves.

After five days of extraordinary hard fighting between the Canadians and the Germans, the little village of Fresnoy, lying southeast of Lens, and the adjacent wood, are again in German hands. In the retaking of these position, where the Canadians had stood for days holding the most advanced salient in the British line projecting toward Douai, the Germans evidently paid a terrible price. Preceded by a heavy artillery fire, in which asphyxiating gas shells also were used in large numbers, the counter-attack was launched in the early morning.

The machine gun and rifle fire of the defenders met the Germans as they threw themselves forward, but they would not be denied and finally penetrated the trenches northeast of the village and even entered the outskirts of the village itself. Their tenure of the position, however, was short lived, for the Canadians soon afterward returned to the fray, drove out the Germans and again held full sway.

Reforming later and reinforced by two fresh divisions, the Germans again made a bid for victory along the entire front before the village, and wood. The right wing of the defenders held steadfastly and inflicted heavy losses on the Germans. The left wing, however, notwithstanding its stubborn resistance, was compelled to give ground and to evacuate the village and wood, leaving them in the hands of the Germans. Berlin reports that 200 prisoners and six machine guns fell into the hands of the Germans.

### Mother's Doll Story

#### The Tulip Bed

There was once a small boy who loved to dig in the garden.

So one day his papa said, "Jack, how would you like these tulip bulbs to plant?"

"Oh, daddy," cried Jack, "I'd like them best of anything!"

After luncheon Jack took the bag of tulip bulbs under one arm and whistled loudly.

"Now, what do you think he was whistling for? Not to make music. He was whistling for his rag dog, Mike, who always went everywhere with his master."

"Here, Mike, you carry the spade!" cried Jack.

And Mike took the little toy spade between his calico teeth and trotted off into the corner of the garden where his master liked best to dig.

Of course they had a lovely time. Jack dug holes in the ground about three times as deep as the tulip bulbs. Then Mike would drop in a bulb and Jack would fill the hole, and both of them would jump on the earth. They both were not very heavy, so a tulip would have no trouble growing right up past the hard earth.

But alas for the blossoms! After supper that night Mike still felt hungry. Probably spring is a very hungry time for all growing things. Anyway, Mike went out in the garden quite alone, scratched up his master's bulbs and set his calico teeth right through the juiciest bulbs there. He kept a shoe button eye on the nursery windows, and when he had finished his mischief he crawled into one and went sound asleep on his bulb salad.

Conundrums.

Why is a widow like a gardener? Because she tries to get rid of her weeds

—A. B. Margileth of Indianapolis was a business visitor here today.

## THE MAUZY COMPANY

Unusual Values in Wearing Appa rel for the Larger Women.

It has been our pleasure this season to serve many women who have heretofore found great difficulty in securing proper suits, coats, dresses and waists. Women of extra measurements who require specially designed garments—longer in front, wider in sleeves, a little broader through the shoulders and so on—will find that we have just the garments they desire. And they will find them up to the very minute in style and scientifically constructed to give them the correct, stylish lines they require.

### Dresses

of taffeta, crepe de chene and beautiful wash materials. The models are excellent. Sizes up to 49.

### Suits

that are worth every cent their original price, now marked very low. Sizes up to 49.

### Coats

of excellent materials, reasonably priced, sizes up to 53. Some splendid garments for auto and wet weather use.

### Hosiery

Gordon extra size hose have no peer. To be had in cotton, lisle, silk fibre and pure silk. The next time you want a union suit or separate vest and drawers, ask for "Forest Mills."

### Wash Skirts

Wooltex "Pre-Shrunk" wash skirts are just what you want—never shrink a particle. Waist measures up to 36. Handsome models in wool skirts, too.

### House Dresses

Gingham and percale have been fashioned into the newest and most sensible dresses for the home. Many with adjustable waist bands. Sizes up to 56.

### Corsets

Our graduate corsetiere is the best friend the stout woman has. She has been specially schooled in fitting the stout figure. We carry a great variety of models, suitable for all types in sizes up to 40. Should you require a larger one, we shall be pleased to order. You have the choice of the Gossard, Kabo or W. B. An exquisite showing of brassieres and confiners, too. All fittings and consultations FREE.

### Mildred

Undermuslins for stout women. No more do you need to make your undergarments. Made of good quality materials in youthful and graceful styles. A full range of styles and prices carried in skirts, gowns, drawers, envelope chemise and corset covers.

### HOLLWEG RESIGNS, REPORT

Bavarian Premier Hurling's Presence in Berlin Starts Story

(By United Press.)

London, May 9.—Presence in Berlin of Bavarian Premier Hurling has revived rumors that he is to succeed Von Bethmann Hollweg as imperial chancellor. Unconfirmed rumors state that Hollweg has already handed in his resignation.

Dissatisfaction over repeated postponements of the chancellor to speak outlining Germany's war aims has caused renewed opposition against him.

Princeton—Marriage during the last month in Princeton increased 50% over the same period a year ago.

Bluffton—Gardening talks are being given to children in Bluffton public schools to interest them in the increased food production movement.

### TODAY'S HOOSIER/ODDITY

Columbia City, May 9.—Residents of the lake region in Whiteley county are urging that laws restricting fish catching be removed during the war so that people may have cheap food. The only restriction which should be retained they believe, is the one preventing catching of fish during spawning season.

The ladies of the Baptist church will give a box supper in the basement of the church Friday night.

Charles Caron is ill at his home in North Perkins street.

—C. C. Killinger of Richmond made a business trip here today.

—Mrs. Mary Mason made a business trip to Indianapolis today.

**FIRE DAMAGES HOUSE \$300**

Blaze on Fitzgerald Farm is Extinguished by Bucket Brigade

The house on Thomas Fitzgerald's farm three miles northeast of Fairview was damaged by fire yesterday afternoon at three o'clock when it caught fire from some unknown cause. But for the aid of neighbors who quickly formed a bucket brigade, the house would have been destroyed. The kitchen and pantry were damaged to the extent of \$300, which is fully covered by insurance. The fire broke out between the weather boarding and plastering in the kitchen. Mr. Fitzgerald and his family lived in the house.

**TWENTY-NINE GRADUATED**

Commencement Exercises Are Held at the Fairview School

Eighteen high school graduates and eleven eighth-year graduates received diplomas at the Fairview commencement last night. The high school class was one of the largest in the history of the school. The class address was delivered by the Rev. Charles Whitman of Liberty to an audience that packed the hall. The music was provided by a Connersville orchestra.

**Amusements**

It is nearly a hundred years ago that Lord Bulwer Lytton wrote "The Last Days of Pompeii" and during all that time it has survived as one of the greatest romantic novels in the world of literature, and still holds marvelous fascination for hosts of readers.

George Kleine has produced a photo drama which will doubtless live for many years to come and be shown upon the screen ages hence. Mr. Kleine's production was made in Italy and visualizes all the most important incidents of the story with vivid realism. The heart rending tale of the great love of the blind flower girls, Nydia, for her handsome master, Glaucus, and her terrible suffering when she learns Ione has won his heart, are all brought out with telling truth. And the final episode showing the awful catastrophe of the eruption of the mighty volcano of Vesuvius with its cloud of ashes, flame, smoke, completely destroying Pompeii, is reproduced with spectacular grandeur that is awe-inspiring and impressive. Taken as a whole it is one of the most remarkable photo dramas that has ever been produced. This fine six reel feature will be given tonight at the Graham Annex auditorium, beginning at 7:30 o'clock; time of production one and one-half hours. Special music has been furnished written for this feature.

The attraction at the Gem tonight will be Mary Miles Minter in "Youths Endearing Charm." As Orphan Mary, Miss Minter enacts the role of a desolate little girl who after a long battle with starvation in the slums of a city is committed to an orphan's asylum, and later bound out to a cruel family. Finally after months of drudgery and untold hardships the hapless little girl attracts the attention of a wealthy and kindly woman who adopts her as her own. The story is abounding in interest and human appeal.

The Lyric will show the next chapter of "Pearl of the Army" for the first picture tonight. This is said to be one of the most thrilling chapters of the entire story. Pearl White is featured as usual. The second is entitled "Krazy Kat." It is a cartoon comedy. An educational film "Paper" will also be shown. The last is a comedy "Luke's Movie Muddle." Tomorrow the feature drama "The House of Mirrors" will be shown.

"The Weakness of Strength" is the title of the feature drama at the Princess tonight. Ormi Hawley and Edmund Breese are featured. It is said to tell a wonderful story and there are many gripping scenes. Tomorrow Mrs. Vernon Castle will be seen in the next chapter of "Patriot."

**We "Repair" Cars**

**WE NEVER "PATCH" THEM**

We search out the seat of the trouble and cure the defect. We can do this because our mechanics are familiar with every part of your car. They know when each part is in good working order and when it is not. And they know HOW to put it in perfect working condition.

Bring that sick car to us. We'll CURE it, and our charges will be VERY REASONABLE.

**Senreco**  
REG. U.S. PAT. OFF.

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

### SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

## SPRING PLOWING IS ABOVE AVERAGE

Crop Summary Discloses Per Cent Done is 64 as Compared to 10-Year Average of 60

### PLANTING AHEAD OF AVERAGE

These Figures Are in Spite of Fact That This Spring Has Seemed "Backward"

Although this spring has seemed "backward" and farmers have disappointed of making any headway planting spring crops, the estimated per cent of plowing done in the state up to May 1 was ahead of the per cent last year and the ten year average, according to crop figures sent out by the United States department of agriculture and issued by George C. Bryant, field agent for Indiana.

The continued rains of the last two weeks or more have delayed what looked to be in April a fine start of spring farm work. From day to day fair and warmer weather has been promised but it has been invariably the rule that the skies clouded and scarcely a day passes that rain does not fall. Fair and warmer weather was promised to-day by the weather man, but clouds gathered early in the day and rain threatened. The forecast of fair and warmer was moved forward another day.

The excessively wet weather has not been without its benefits, however. The report of the state field agent says that the wheat and rye crops are in much better condition than they were the first of April.

According to the government crop report, the estimated per cent of spring plowing done in the state to May 1 was sixty-four, whereas the ten-year average for the same date is sixty per cent and a year ago only fifty-four per cent of the plowing was done on May 1. The estimated per cent of spring planting done May 1 in the state is forty-two. The ten-year average for spring planting on the same date in Indiana is thirty-nine per cent and last year on May 1 forty-one per cent of the spring planting was done. The Indiana crop summary follows:

Generally speaking, the first of May found the wheat and rye crops in a much better condition than a month previous. In all sections of the State, except the extreme northeast corner, these crops have shown wonderful improvement. While the stand is not all that could be desired, the plant has an exceptionally healthy and vigorous appearance, and a general feeling of encouragement is manifest. There will not be as much of the wheat acreage seed-

ed to other crops as was earlier anticipated, and many fields of rye that were originally intended for fertilizer crops will be allowed to stand.

Rains during the last week of April have materially improved the meadows and pastures, although many of the poorer ones have been plowed up for seeding to more profitable crops.

Hay acreage will hardly be as large as last year. Much of the last year's crop still on farms will be used for feed on account of the shortage of cereal feeds.

Spring plowing and planting progressed very rapidly until the latter part of the month, when the rains stopped the work.

Oats and grass seeding is practically completed, and many fields of poor meadows and pastures have been plowed up for seeding to corn and other spring crops.

## CONGRESS IS NEAR THE BREAKING POINT

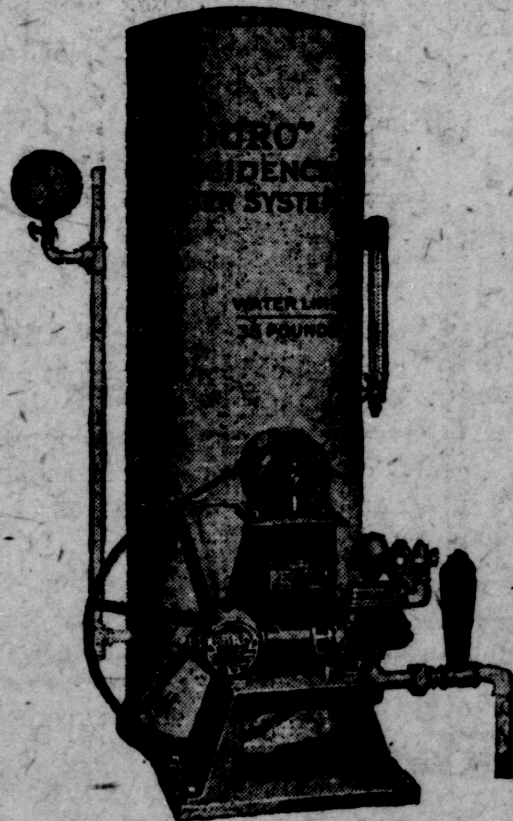

Autocratic News "Gag" Proposed by Secretary Lansing Meets With Violent Denunciation

### ATTEMPT TO THROTTLE PRESS

(By United Press.)

Washington, May 9.—The autocratic news "gag" proposed by Secretary Lansing to shut off discussion and criticism of the country's war policy met with violent denunciation in all government quarters today.

Congress has about reached the breaking point on the censorship question. Senators attacked the invisible government effort to throttle the freedom of the press and attempt to bundle up the views of government activity and keep the people in the dark as to the developments of the war.

REVENUE MEASURE  
IS REPORTED OUTAs Recommended to House, it Will  
Raise \$1,800,000,000 and is  
Based on Three Things

## INCOMES AND PROFITS HIT

Committee Decides to Assess Addi-  
tion One-Third on All Incomes  
During Year 1916

(By United Press.)

Washington, May 9.—The house ways and means committee today reported out the \$1,800,000,000 revenue bill. It was immediately introduced by Chairman Kitchen.

The committee today added a new provision for a one cent a pound tax on all coffee, two cents a pound on all tea in the country at the present time, excepting that held by individuals for their own use or held by retailers.

Kitchen announced that he will call the bill up for action when the house meets tomorrow. He said he thought there would be two days of general debate.

The new tax provided in the bill will take one-third of incomes of half a million dollars and runs up to where it takes half of the incomes of over two million dollars. Incomes, inheritances and profits are the main basis of taxation.

The committee decided to assess an additional 34 per cent on all incomes during the year 1916. If a man paid a \$30 tax he must pay \$10 more on his last year's income.

OPERATORS PRESENT  
THEIR SIDE OF STORYDeclare There is No Arrangement  
Among Them by Which Prices  
of Coal Were Fixed.

## PREVIOUSLY LOST MONEY

(By United Press.)

Indianapolis, Ind., May 9.—Coal mine operators told their side of the story to the Public Service Commission today. They declared there was no arrangement between the mine operators by which prices were fixed and that the law of supply and demand alone was the only basis for fixing prices.

A. M. Ogle, president of the Vandalia Coal company, declared that previous to the increase in price, mines were operating at a loss and the coal business was in a deplorable condition.

The mysterious "Mr. Hall" appeared at the meeting. He failed to give any startling testimony. About twenty of the largest coal mine operators of the state attended the meeting.

Why Women Are  
Shrewd BuyersAny man will tell you that his  
wife can get more out of a dol-  
lar than he can.Women have the natural  
value sense—they know what  
their money's worth means.One reason for this is that  
women are great readers of ad-  
vertising. No part of a news-  
paper is of greater interest to  
them than the advertising col-  
umns.They study them daily and  
they shop as carefully through  
the newspapers as they do when  
they go to the stores themselves.Without the advertising, the  
newspapers would lose half of  
their women readers. Inciden-  
tally, local merchants would lose  
more than half of their business.SIX HIGH SCHOOL BOYS  
HEAR CALL OF FARMAllowed to Work in Order to Help in  
Larger Crops Movement and  
Will Get Service Credits

## SOME TO TAKE EXAMINATIONS

Country boys attending the local high school have heard the call to the farm and as a result their ranks in the school have almost been depleted. The school authorities are co-operating with the state and federal government and allowing the boys to do their "bit" for their country. The boys will receive credit in the school.

A total of six boys have withdrawn from school to work in the country. Five of these live in the country and the sixth is a Rushville boy—Emerson Headlee—who has gone to a farm for the summer. Some of the boys will take a special examination at the end of the term and all are required to report to the school authorities the number of days they work on the farm. These service credits will hold good for the spring term only.

Besides Headlee the boys withdrawing from school to work in the country are: Lotus Gartin, Walter Stevens, Otto Morre, Mull Sampson and Oliver Dill.

DEPOSITS LARGEST  
IN COUNTY'S HISTORYTotal Taxes Collected Since Last  
Fall Amount to \$318,170.10  
Treasurer's Books Show

## \$24,988.90 PAID IN MONDAY

According to actual figures compiled in the county treasurer's office Rush county had the largest sum on deposit in the banks of the county today in the history of the county. The correct amount of money payable to the county today was \$594,907.55.

Since last fall the amount of taxes paid into the county was \$38,170.10. This includes the sum of \$24,988.90, which was collected Monday, the final day of the spring tax paying season. The amount of taxes collected this spring is greater by \$20,000 than last year. This is because of higher rates and higher valuations. Deputy Treasurer Charles A. Frazee said the delinquency would run around the usual amount.

In taking in the sum of \$24,988.90 Monday, the office was just one cent long after the checking up had been completed.

WILL BUY OLD AND  
NEW MERCHANT SHIPSGovernment Decides to Make Two  
Billion Dollars Available by  
Tacking it on Emergency Bill

## WILSON MEETS CONGRESSMEN

(By United Press.)

Washington, May 9.—The billion dollar Uncle Sam will spend at once for ships to combat the submarine menace will go for the purchase of second hand vessels and the construction of new ones.

This was decided on today at a two hour conference between the president and thirty members of both houses of congress and officers of the government ship board.

The congressional delegation represented all factions of both parties. The plan decided on is to attach the appropriation on the emergency deficiency bill making it

## COMMITTEE GOES TO MAYS

Rushville Chapter to be Represented  
at Red Cross Organization

A committee from the Rushville chapter of the Red Cross will go to Mays tonight for the public meeting at the Mays town hall when an auxiliary will be permanently organized there. A temporary organization has already been perfected with 32 members and tonight a campaign will be started for a large membership. The committee going from here will consist of Mrs. Harrie Jones, Mrs. A. L. Stewart, Miss Henrietta Coleman and E. B. Thomas. Several other auxiliaries are in the process of formation in the county.

MAY INVESTIGATE  
KILLING OF SHEEPGrand Jury Called For Next Mon-  
day, is Likely to Make Inquiry  
in Harboring of Dogs

## LOSS OF \$350 IN TOWNSHIP

One of the first things that is expected to be investigated by the grand jury, when it meets next Monday, is the harboring of sheep killing dogs in Rushville township. The dogs have killed many sheep in the Webb neighborhood and the people there declare there are several dogs known to be sheep killers, which are being harbored, despite the fact demands have been made to have the dogs killed. The loss of sheep from dogs has cost this township over \$350 in the past two weeks, and it is known that the grand jury will get some evidence along this line.

Judge Sparks called the grand jury today. This will be the first session of the grand jury for the May term of court. The members of the grand jury are: Jehu Smith, Jackson township; Thomas Erle, Center; Milton Osborn, Center; William A. Alexander, Rushville; William E. Wallace, Rushville and George E. Glidden, Washington township.

DIAPASONS TO MEET  
HERE SUNDAY MAY 20John A. Spurrier Receives Word  
That C. C. Chester of Des Moines,  
an Early Teacher, Will Come

## SPECIAL PROGRAM PLANNED

The annual meeting of the Diapason singing class of Rush county will be held at the Main Street Christian church Sunday afternoon, May 20. John A. Spurrier, the head of the county organization, has received word that C. C. Chester of Des Moines, Iowa, one of the early teachers in the county of Diapason music, will come here for the meeting. Mr. Chester made the trip last year from Des Moines solely for the purpose of being present at the meeting and meeting old friends.

Mr. Spurrier has written to Stephen Dungan of Franklin, Ind., the first teacher of a Diapason class in the county, urging him to be present, but it is doubtful whether he will come because he went blind recently and is very feeble.

The Diapason program always opens with "America," and this year it will be even more appropriate. Several solos besides the Diapason music will be interspersed in the program this year.

French Lack Employees of the French Lack hotel, owned by Thomas Toward, have been warned that they must leave the hotel by

## ACTIVITY AT FACTORY SITE

Men Start Work There Today—  
Stock Certificates Delivered

The site of the Modern Appliance company took on activity this afternoon when tool sheds were being put up and active preparations started on the building which will be rushed to completion as soon as possible. John Crawley, who will superintend the construction, had six men at work.

A representative of the company was out this afternoon delivering the stock certificates and collecting the subscriptions.

DRILLING SQUAD FOR  
RUSHVILLE PROPOSEDUniform Rank, Knights of Pythias,  
Makes Suggestion and Offers  
Offer Their Services

## A CHANCE TO LEARN TACTICS

A plan has been suggested whereby Rushville men could get lessons in drilling and military tactics by establishing a camp here for that purpose. Members of the Uniform Rank, Knights of Pythias, have made the suggestion and present and former officers of the company have offered their services if there is enough interest in the project to go ahead with it.

All things military are being given consideration now. In the larger cities of the United States there has been a pronounced movement toward preparedness. The magazines and newspapers picture men from all walks of life drilling and preparing for possible call to the service. In the larger cities the roofs of buildings are being utilized for drilling.

It is pointed out by those making the suggestion that such training would not be harmful to any man and that many benefits would be derived though they may never be called on to go to war.

SAYS MIDDLEWEST  
MIGHT WIN THE WARArriving in Philadelphia, French  
Commission Head Says He Nev-  
er Realized Its Resources

## JOFFRE NOTES PREPARATION

By GEORGE R. MARTIN  
(U. P. Staff Correspondent.)

Philadelphia, Pa., May 9.—Bringing with it the middlewest's "win the war" pledge to the allies, the French commission arrived here today. After a few hours here the commission will hurry on to New York.

Vice-premier Viviani today declared the middlewest might win the war.

"It took personal contact for us to realize the immensity of the middlewest's resources," said Viviani. "The unlimited part that territory could play in planting larger crops might win the war."

Marshall Joffre said, "Enthusiasm manifested everywhere shows America fully realizes the situation. They are preparing for it with the same earnest spirit that actuated citizens of France early in the war."

Each member of the French commission kissed the Liberty Bell in Independence hall. There was absolute silence as the men tipped forward and kissed the bell. The commission paid homage to Independence Hall. Viviani said it was the first time since the war

BOY TO BE RETURNED  
TO THE ORPHANS HOMEJohn Simpson, Age 12, Confesses  
Stealing Mrs. Lee Smiley's  
Pocketbook

## ADMITS OTHER THEFTS ALSO

John Simpson, 12 years old, who has made his home in this city for some time, will be returned to the Indianapolis Orphans' asylum following a confession that he stole a pocketbook from Mrs. Lee Smiley of Homer yesterday afternoon. Mrs. Smiley was at the C. I. & W. station waiting for the southbound Pennsylvania train when the boy took the pocketbook, which contained about ninety cents in money.

He was trailed and finally rounded up by the police. Chief Yakey last night succeeded in getting a confession out of the boy and in his statement he told of numerous other thefts, including a fountain pen taken from the Drake store. The boy had been warned several times previously and the orphans' home officials told the police that the next time he did anything wrong to notify them and they would send for him. The authorities were expected here this afternoon after the boy.

20,000 PRISONERS  
TAKEN SINCE APRIL 1Chancellor Bonar Law Says Losses  
Are 50 to 75 Per Cent Less  
Than in Somme Offensive

## DAILY EXPENSE \$34,560,000

(By United Press.)

London, May 9.—Since April 1, British forces have captured more than 20,000 German prisoners and taken 800 guns, Chancellor Bonar Law announced in the house of commons today.

The chancellor said the British casualties in the recent offensive have been from 50 to 75 per cent less than those incurred by the British troops along the Somme.

England's war expense each day at present is \$34,560,000, Bonar Law announced introducing a new vote of credit.

URGES REFORMS FOR  
THE CONSTITUTIONPresident Fox Submits Recommen-  
dation to Annual Meeting of  
State Labor Federation

## REFERENDUM, RECALL ASKED

(By United Press.)

Anderson, Ind., May 9.—President Fox today submitted his recommendations regarding the constitutional convention to the annual meeting of the Indiana Federation of Labor. He urged that labor insist that the following be included in the new constitution:

Initiative, referendum, recall, compulsory workmen's compensation, tax reform and that such questions as prohibition and woman's suffrage be submitted to a vote of the people separate from the constitution.

## TO TRY FOR OFFICERS CORPS

Russel Titsworth, son of John A. Titsworth of this city, a student in Earlham college, is one of a number of students signing up for the officers reserve corps training camp at Fort Benjamin Harrison. All Earlham men who enlist in the army or agree to work on the farm will receive full credit for the year's work.

Gary, Ind., May 9.—A transient, employed at the steel mill at Gary, was arrested today

2 DIVORCE SUITS  
ARE HEARD TODAYMrs. Lillian Osborne Granted Decree  
From Claude Osborne, Whose  
Whereabouts Are Unknown

## DEMURRER IS SUSTAINED

Special Judge Green Finds For De-  
fendant in Preliminary Fight  
in Hinchman Divorce Case

While Judge Sparks was hearing the divorce suit of Mrs. Lillian Osborn against Claude Osborn this morning, Thomas M. Green, acting as special judge, heard an argument on a demurrer in the divorce suit of Mrs. Dessie Hinchman against William E. Hinchman.

Mrs. Osborn was granted a divorce upon payment of the costs and Special Judge Green sustained the demurrer to the Hinchman complaint. Mrs. Osborn alleged abandonment. The defendant's whereabouts are unknown.

The Hinchman divorce suit was filed Monday and the result this morning favored the defendant. The complaint alleged cruel and inhuman treatment and the court held that it failed to state any facts that constitute cruelty. The action was rather unusual and the argument attracted considerable attention.

Douglas Morris, in declaring that the demurrer should be sustained, asserted that the complaint failed to point out any acts of violence that might be construed as cruel and inhuman, and attacked the complaint because it was too general and declared that the mere use of adjectives did not make the complaint good for a cause of divorce.

Chauncey Duncanson, representing the plaintiff, who drew up the complaint, held that the facts and things cited in the complaint all tended to constitute cruel and inhuman treatment. The future action of the plaintiff is not known. An appeal may be taken or an amended complaint filed.

The appraisers appointed in the suit of Washington School township, by Ed V. Jackson, trustee, against Edson L. Aiken, trustee of the Augustus Glidden estate, filed their report, fixing the price for the four acres of land wanted for school purposes at \$1,300. The appraisers were Lennae Hays, Dr. C. L. Smullen and William White. The four acres of ground adjoins the Raleigh school and the land is wanted for a playground. It is understood that the school township will accept the appraisement, although nothing definite has yet been done.

## IS CAUGHT IN LINE SHAFT

Eugene Dickerson, 16, Seriously  
Hurt at Carthage Strawboard

Eugene Dickerson, age sixteen years, son of Mr. and Mrs. Henry Dickerson, was seriously hurt at the Carthage strawboard works this morning at eight o'clock when he was caught in a line shaft. He was brought here immediately in a machine by Dr. Sipe and taken to Sexton's sanatorium where an operation was performed to replace some of the torn skin. The most serious injury was in the abdominal regions of the body. It was not thought this afternoon that the injuries would prove fatal. A number of local physicians were called for the operation.

## MAY WHEAT ADVANCES 14 CENTS IN CHICAGO

Other Grain Prices Gain Only Slightly and Hog Quotations Remain Steady in Indianapolis.

### RECEIPTS ARE SAME TODAY

May wheat in Chicago reached a new level today when it closed at \$3.11, a gain of fourteen cents over yesterday's close. Other grain remained about the same, with only a few slight gains being noted.

Indianapolis hog quotations were steady and receipts were the same. Indianapolis wheat went up fourteen cents; corn, three, and oats was steady.

July wheat in Chicago advanced twelve and three-quarters cents; September, twelve and a quarter. May corn was up a cent and a half; July, two and three-eighths; September, one and three-quarters.

Rushville wheat quotations reached three dollars today, a gain of ten cents, but other grain was unchanged.

Featuring Ladies' Ready-to-Wear

## WE ARE TRYING TO KEEP PRICES DOWN

Since this war commenced there has been a tremendous increase in prices, due partly to legitimate reasons, but mostly to an insane scramble everywhere to boost prices and get rich quick. Sooner or later the government will take a hand and compel a reduction of prices to normal conditions. Then the price booster will pay the penalty of his greed in the loss of customers. The people will go to the merchant who has done his best for them in keeping prices down as much as he could.

SEED POTATOES—We still have a good supply of all varieties—PRICES REASONABLE.

Pillsbury's Best Wheat Cereal per package	15c
Life O' Wheat per package	15c

## MARINE CORPS ISSUES A WARNING AGAINST THE MODERN GABRIEL

Washington, May 9—Longfellow's "Evangeline" still wanders. From coast to coast, lingering here and there to grasp of the forbidden fruit, Henry Wadsworth Longfellow also wanders in a vain attempt to enlist in the United States Marine Corps and be "first to fight."

Longfellow has been rejected for enlistment on account of physical disability in six widely separated cities during the past month. The Marine Corps issued a bulletin today to all its recruiting stations to be on the lookout for the modern "Gabriel" and not accept him for enlistment.

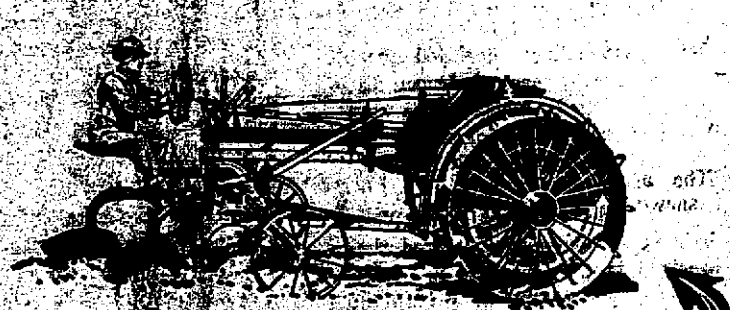

### Notice to Bidders

Notice is hereby given that the Board of Commissioners of Rush County, Indiana, will offer for sale at public auction at the County Auditor's office at 2:00 o'clock p. m. on MONDAY, JULY 9, 1917, the material of the wrecked bridge over Big Blue River on the Rush-Hancock County line, to the highest bidder. The board reserves the right to reject any and all bids.

Witness my hand and seal this 7th day of May, 1917.

WM. H. McMillan, Auditor Rush County, Mar 8-11

## MOLINE Universal Tractor

As Powerful as 5 Horses  
Does as Much Work as 7 Horses  
Costs Less than 4 Horses  
Requires less Care than 1 Horse  
Takes Room than 1 Horse  
Runs Only When it Works

### The Ideal Tractor

No other tractor in the world today gives such a broad range of service as the Moline Universal Tractor. It is the only tractor that can be used for all the work of the farm, from plowing to harrowing, from seeding to mowing, and from cutting hay to cutting wood. It is the only tractor that can be used for all the work of the city, from hauling to driving, from cleaning to painting, and from cutting to grinding.

### Cut the Cost of Horse Labor

The cost of horse labor is almost everywhere the highest of any single item on the farm. A pair of horses averages \$1.00 a day, and a team of four averages \$2.00 a day. This means that a team of four horses costs \$12.00 a month, or \$36.00 a year. The Moline Universal Tractor costs \$1,000.00, but it will save you \$100.00 a year in horse labor. It will save you \$300.00 a year in horse labor. It will save you \$1,000.00 a year in horse labor.

### A Real Good Deal

The Moline Universal Tractor is a real good deal. It is a tractor that will save you money. It is a tractor that will save you time. It is a tractor that will save you trouble. It is a tractor that will save you everything.

### Now the Moline

Universal Tractor is the only tractor that can be used for all the work of the farm, from plowing to harrowing, from seeding to mowing, and from cutting hay to cutting wood. It is the only tractor that can be used for all the work of the city, from hauling to driving, from cleaning to painting, and from cutting to grinding.

EAT LESS---  
IT WILL DO  
YOU MORE  
GOOD

FOLLOW YOUR MEAL WITH A  
LITTLE PEPSINCO—YOUR FOOD  
WILL SATISFY FOR A LONGER  
TIME—NONE WILL BE WASTED.  
IT WILL DO YOU 100 PER CENT  
GOOD.

It's a mistaken idea that the more you eat the more good it will do you. It's not what you eat; it's what you digest that does you good. Eat less—take Pepsinco and you'll feel better—you'll thoroughly enjoy what you eat and you'll cut your food bill down.

Pepsinco is an aid to nature. It helps weak stomachs. It prevents strong stomachs becoming weak through carelessness in eating. Let Pepsinco digest the meal that you eat in a hurry.

Time is money—Pepsinco is inexpensive. Hundreds have Pepsinco handy for such an exigency. Many suffer after every meal—they don't use Pepsinco. Thousands eat with a relish—they use Pepsinco.

No need for sour stomach, sick headache, indigestion, bloating, heartburn and food distress. Pepsinco must surely be used when your food kicks back; when stomach pains; when you belch up sour stuff; when you get up in the morning with a mean, disagreeable, dark brown taste; when your food does not taste natural; when stomach revolts at the sight of food; when sleep is interrupted with bad dreams; when breathing is heavy from gas pressure. Pepsinco never fails to help in all cases where misery follows a meal.

Thousands today are using Pepsinco, happy in the thought that they have a reliable preparation to fall back on if stomach fails them. All druggists carry Pepsinco in small packages—large enough to show what they are worth. Get a package today; now, at once and not only help your stomach, but also cut your food bill down.

Personal Points

—Weldon Brann spent the day in Indianapolis.

—Mrs. Bert Reeve visited in Indianapolis today.

—Mrs. B. O. Simpson spent the day in Indianapolis.

—Mrs. John Kiplinger visited in Indianapolis today.

—Alec Katsoras spent the day in Indianapolis on business.

—Mr. and Mrs. Bert Mullin visited in Indianapolis yesterday.

—Donald Meyers visited in visit in Connersville last evening.

—Charles Cooper of Cincinnati spent the day here on business.

—Dr. F. G. Hackleman spent the day in Indianapolis on business.

—Donald Smith was a business visitor to Indianapolis this morning.

—Foster Newton of St. Cloud, Fla., is the guest of Ross Jinks of Glenwood.

—Jerome Caron and Martin Carol visited in Shelbyville last evening.

—Mrs. Mary Doyle went to Indianapolis yesterday for a few days visit with friends.

—The Misses Mayme and Nellie Geraghty were passengers to Indianapolis this morning.

—Charles Schaeffer underwent an operation for appendicitis this morning at the Sexton hospital.

—Mr. and Mrs. A. B. Norris of Carthage and Mrs. Will Norris of Ft. Wayne visited in Indianapolis today.

—Mr. and Mrs. S. H. Young visited their son Dr. Elmer Young in Indianapolis today. Dr. Young is recovering from a recent operation.

—Mr. and Mrs. Henry Knotts and daughter Miss Bessie and Mrs. Nora Striekey of Falmouth visited here today.

—Miss Bertha Owen returned to her home in Indianapolis this morning. She was called here on account of the illness of her sister, Nora, who was operated on for appendicitis yesterday at the Sexton hospital.

Neglect to Drink Water a Common Dietetic Fault

If you would have health you must drink good water and plenty of it. Just now, when spring is beginning operations, Dr. Nature shows the way, says the Country Gentleman. It's water everywhere and in everything. Man consists of 68 1/2 per cent water, and water makes 70 per cent of the entire body weight. The habits of man's cells are aquatic. Recent medical books written by the highest authorities of America and Europe—books published within the past two years—give new emphasis to the need and value of water in the human system. One of the most authoritative states that water is entitled to rank as a food because it enters into the structural composition of all foods as well as into the tissues of the body. One of the most universal dietetic faults is neglect to take enough water into the system.

The time is coming when every enlightened farmer will have his water supply inspected regularly. In our better days we shall have a service that will give to every section an examination and supervision of water used by human beings. In some states analysis may be had at small expense, and it is flying in the face of Providence not to profit by this.

**Keep Business Going**

"Keep business going" for our country's sake, is the slogan adopted by John Wanamaker, a business man with a nation-wide reputation, in line with the movement recently started by Howard E. Coffin, member of the national council of defense. He, like Mr. Coffin, shows how futile it is to create a condition of panic when the most favorable element of the present conditions in the United States just now is that business is good.

Here it is in a nutshell: "Our country prosperous can pay our war costs, as they come, and have enough left over to aid the allies. Our country unprosperous, with business halting, money hoarded, through fear or false economy, will be hard pressed to keep food on the table and clothing on the back."

Mr. Wanamaker points out that there could hardly be any more patriotic slogan than, "Keep business going; keep money in circulation; keep employment for everybody; keep wages good; keep on making money that we may have money for war sacrifices."

Some hysterical persons have already suggested—and have added fuel to the flames that were all ready to burst forth—that the manufacture of all luxuries be stopped. This would, of course, be ridiculous. What would become of the men who would be thus thrown out of employment? A large majority of them would be unfit for war. Even though they should go to war their families could not be supported on a soldiers' pay and would become public wards. A process of readjustment to any great extent would be impossible. It is true there is a labor shortage on the farms, but the transfer of the men employed in factories making luxuries, such as automobiles and the like, would be a problem that could not be solved with any degree of success. On the whole, the advice of Mr. Wanamaker is economically and practically sound. If the people who are going to spend their money for luxuries were denied the luxuries, they would not turn their money over to the government to prosecute the war. Nothing would be gained except the throwing of thousands of men out of employment and the depression of business that would be felt in all lines of trade. The worst thing that could happen to us just now would be a business depression; it is the fear of the people of what may result.

Mr. Wanamaker calls attention to the fact that the billions of dollars of money to be expended in war preparation will be put into circulation in our country, and this in itself will create new wealth for use in the world struggle for humanity. The one thing that might halt business now is an unpatriotic, psychological feeling of panic and a false idea of patriotic economy.

As has been frequently pointed out—and as Mr. Wanamaker says, patriotic economy means the elimination of waste and extravagance—there is no conservation of

## Standing of Several of Rush County's Financial Institutions Ending May 1, 1917

**BANK REPORT**

Of the condition of the Rush County National Bank, at Rushville, in the State of Indiana, at the close of business on May 1, 1917.

## COAL OPERATORS AT CONFERENCE

Meet With Public Service Commission in Effort to Find Blame For Shortage

WILL DETERMINE CAPACITY

Senator Negley Prepares Measure to Let State Take Over and Conduct Mines

(By United Press.)

Indianapolis, May 9.—First active steps of the newly-reorganized public service commission to help solve the increasingly serious coal problem in Indiana were taken today at a meeting of coal operators with the commission. The entire coal situation was discussed, with particular attention being given to the questions of whether or not coal mines are able to supply needs of the state at present; at what capacity they are now operating and whether, in their opinion, they will be in a position to supply needs for next winter.

The coal proposition was the biggest problem confronting the new commission when its members took office the first of the month and they started in immediately to do what they could to solve it. Considerable agitation has been aroused for the state to take over and conduct coal mines. Sen. Harry E. Negley has prepared a bill which will give the Governor this power and will introduce it at the special

## Backache

In spite of the best care one takes of oneself, any part of the human machine is liable to become out of order. The most important organs are the stomach, heart and kidneys.

The kidneys are the scavengers and they work day and night in separating the poisons from the blood. It is only reasonable to believe that they are liable to derangement. Their signals of distress, however, are easily recognized and include such symptoms as backache, depression, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy, gout.

The very best way to restore the kidneys to their normal state of health," says Dr. Pierce, of Buffalo, N. Y., "is to drink plenty of pure water and obtain from your favorite pharmacy a small amount of Anuric (double strength), which is dispensed by most every druggist. Anuric is inexpensive and should be taken before meals. You will find Anuric more potent than lithia, dissolving uric acid almost as water does sugar.

## NEWS OF SOUTH BEND.

South Bend, Ind.—"When I began taking Dr. Pierce's Golden Medical Discovery and Favorite Prescription I was suffering from stomach trouble, constipation, and woman's weakness. The 'Golden Medical Discovery' had been a favorite remedy for coughs with my mother. I used the two remedies off and on for nearly a year. I was relieved of the woman's trouble, and the stomach trouble improved under this treatment. The 'Pleasant Pellets' have also been used with the greatest benefit."—Mrs. JOHN SHAPLEY, 613 S. Fellow St.

Pleasant Pellets regulate stomach, liver and bowels. All druggists.

## FILM EXCHANGE MANAGER ON TRIAL

Details of Storing of Movies in Basement of Building Expected to be Learned

## RESULTED IN SIX DEATHS

(By United Press.)

Indianapolis, May 9.—Details of storing in the Colfax building of large quantities of moving picture films which exploded, taking a toll of 6 lives, were expected to be revealed here today when Louis Seremsky, manager of the film exchange, went on trial on a charge of man-slaughter. Since arrest, following investigation by officials and the grand jury, Seremsky has been at liberty under \$2,500 bond.

It is alleged that he was ordered to construct a fireproof vault and store films in it when they were not actually in use. Authorities state the vault was built but films were not stored there when fire broke out.

## G. A. R. ENCAMPMENT OPENED

Spectacle "Grouping of Colors" to be a Feature

(By United Press.)

Indianapolis, May 9.—Annual encampment of the G. A. R., Sons and Veterans and Woman's Auxiliary organizations opened here today, and will continue three days. Added interest was manifested in the meeting on account of military operations in progress.

Gov. Edgar D. Bush, will preside at a reception and meeting for the visitors in Tomlinson hall. Mayor Joseph Bell will deliver an address. One of the main features of the meeting will be a spectacle "Grouping of Colors" in which representatives of the nations allied with U. S. in war will participate. Each nation will have a

Ferry's Garden Seed in Bulk

# Society

As Monday is the last business meeting of the year for the members of the Ladies Musicales, a large attendance is requested. Each member is privileged to bring a mother, and the program will be in keeping with "Mother's Day."

Twenty couples enjoyed the informal dance given in the Elks hall last evening. The Mitchell orchestra provided the splendid music and a course luncheon was served at the close of the merry rounds of dancing.

Mrs. W. J. Waite entertained sixteen members of the Aid society of the U. P. church yesterday afternoon at her home in North Morgan street. A short business meeting was held and the afternoon was concluded with a social time, during which fancywork and sewing were the main features. Refreshments were served by the hostess.

Forty members of the Loyal Daughters class of the Christian church met with Miss Grace Billings last evening at her home in East Eighth street. The assisting hostesses were Mrs. Bruce Beck, Mrs. Russell Barringer and Miss Bertha Burton. During the business meeting, they decided to sew for the Red Cross and other minor matters were brought up. At the close of the evening, refreshments were served.

Mrs. Noley Newkirk, who was one of the active members, was presented with several useful presents. She will leave for Elk Point, South Dakota, Saturday.

The members of the Sorosis club had their regular bi-monthly meeting yesterday afternoon with Mrs. Jesse Murphy at her country home east of Glenwood. Twenty members and four guests, Mrs. Charles Beaver and daughter, Miss Lucile, Mrs. Theodore Murphy and Mrs. Bert Clifman of Connorsville, were present. Mrs. C. M. George read a paper entitled, "The Melting Pot," and Mrs. J. T. Paxton reviewed "The New Book" one of H. G. Wells' novels. Refreshments were served at the close of the afternoon.

Mrs. Ida Wilkinson, assisted by Mrs. Martha Brown, Mrs. Frank Flint, Mrs. John Kirkpatrick, Mrs. Selman Webb, Mrs. John Finley and Mrs. Mary Poston, entertained thirty Pythian Sisters, yesterday afternoon at the home of Mrs. Wilkinson in Gosnell Avenue in honor of Mrs. Noley Newkirk, who is leaving for Elk Point, South Dakota Saturday. Lilies, violets and other spring flowers were used in profusion in the home, and small flags were given the guests as favors. After the pleasant afternoon over cards, the hostesses served a delectable salad course. Mrs. Newkirk was the recipient of several presents, among which was a dozen linen napkins. Mrs. Will Jackson of Anderson was the only out-of-town guest.

**Miller's Antiseptic Oil Known As Snake Oil**  
Will Positively Relieve Pain in Three Minutes.

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pains in the head, back and limbs, corns, bunions, etc. After one application pain disappears as if by magic.  
A new remedy used internally and externally for Coughs, Colds, Croup, Sore Throat, Diphtheria, Tonsillitis.  
The oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.  
Accept no substitute. This great oil is golden red color only. Every bottle guaranteed, 25c, 50c and \$1.00 a bottle or money refunded.

## Social Calendar

### Thursday

Woman's Home Missionary Society of the M. E. church with Mrs. Frank Sparks, 804 North Main street.

Thursday Afternoon Card club with Mrs. Ben Humes at her home south of the city.

Catholic Aid society, with Mrs. Henry Flodder, 519 West First street.

A bazaar open to the public will be given in the K. of C. hall this evening and tomorrow evening. Entrance will be played each evening.

Twenty-five members of the Ladies Aid society of the Christian church had their regular business meeting yesterday afternoon in the parlors of the church.

Mr. and Mrs. Robert Powell entertained Miss Mary Louise and Jewel Cartaylor of Connorsville at dinner yesterday. Various kinds of spring flowers were used to decorate the home.

Fred Anderson entertained a number of his friends at his home in Milroy Monday evening in honor of Miss Gladys Anderson of Richmond. Pink and white carnations were used in the dining room, where the two course luncheon was served. Music and dancing featured the evening and the guests enjoying the affairs were the Misses Anderson, Clara Archey, Gladys Amburn, Elendora Lampton, Alleen Meyer, Lulu Harecourt and Gladys Lucas, Frank Jackman, William Robinson, Earl Jones, Roy Ruddle, Lawrence Jackman and Russell Harton.

Mrs. Margaret Lightfoot entertained seventeen members of the Tuesday Afternoon Study club and three guests, Mrs. Ethel Wright of Indianapolis, Mrs. Olive Manlove and Miss Ruby Smiley of Lewisville, yesterday afternoon at her home in Raleigh. Responses by Abe Martin were made to the roll call. A short program including "A Trip to Panama" by Mrs. Ida Miles, "Indiana Industries" by Mrs. Cora Martin and current events by Mrs. Bertha Smullen, was given. Tulips and violets made a pretty decoration for the table on which the elegant course luncheon was served.

The first division of the Tri Kappa entertained the second division, last evening with a pitch-in supper at the home of Mrs. Earl Moore in North Harrison street. As the guests entered the spacious living room, they were reminded of a spring garden, masses of buttercups, violets and apple blossoms being used as decorations. A color scheme of yellow and white was used in the dining room, small baskets of buttercups were given the guests as favors and each plate was marked with small painted pots of flowers. Mrs. Earl Moore was toastmistress, and each guest responded. Mrs. Jack Knecht gave a pretty talk, thanking the girls of the first division on behalf of the girls of the second division. After the splendid supper, they held a business meeting, during which several joined the Red Cross, and they voted to buy a bolt of toweling and hem it at the meetings. Mrs. Will Norris of Ft. Wayne was the only visiting guest.

**BROTHER-IN-LAW IS DEAD**  
Word was received today of the death of Harvey Jenken in Grand Rapids, Mich. Mr. Jenken was a brother-in-law of George H. Leonidas and Homer Havens of this city, and was a former resident of Posey township. He is survived by his widow and two children, Tom Jenken and Mrs. Grace Johnson. The funeral services will be conducted at Elmont, Mich.

## TIDE IS TURNED FOR THE BRITISH

Ejected From Village of Fresnoy, Haig Aligns His Forces and Throws Them Into Battle

### LOSSES NOT YET RETRIEVED

German Gains, Until Offset, Will Hamper Further Operations in Turn of the Oppy Line

(By United Press.)

London, May 9.—The tide of battle about Fresnoy was swinging to the British today. Ejected from the village by German attack, Field Marshal Haig aligned his forces anew today and threw them into the fight there. At the time of his report he had recaptured a portion of the ground taken by the Germans.

Yesterday's loss, however is not yet retrieved and the German gain, until offset, will hamper further operations in the turn of the Oppy line. Dispatches related the strengthening of the German line by massing of German reserves.

After five days of extraordinary hard fighting between the Canadians and the Germans, the little village of Fresnoy, lying southeast of Lens, and the adjacent wood, are again in German hands. In the retaking of these position, where the Canadians had stood for days holding the most advanced salient in the British line projecting toward Douai, the Germans evidently paid a terrible price. Preceded by a heavy artillery fire, in which asphyxiating gas shells also were used in large numbers, the counter-attack was launched in the early morning.

The machine gun and rifle fire of the defenders met the Germans as they threw themselves forward, but they were not to be denied and finally penetrated the trenches northeast of the village and even entered the outskirts of the village itself. Their tenure of the position, however, was short lived, for the Canadians soon afterward returned to the fray, drove out the Germans and again held full sway.

Reforming later and reinforced by two fresh divisions, the Germans again made a bid for victory along the entire front before the village and wood. The right wing of the defenders held steadfastly and inflicted heavy losses on the Germans. The left wing, however, notwithstanding its stubborn resistance, was compelled to give ground and to evacuate the village and wood, leaving them in the hands of the Germans. Berlin reports that 200 prisoners and six machine guns fell into the hands of the Germans.

## Mother's Doll Story

### The Tulip Bed

There was once a small boy who loved to dig in the garden.  
So one day his papa said, "Jack, how would you like these tulip bulbs to plant?"  
"Oh, daddy," cried Jack, "I'd like them best of anything!"

After luncheon Jack took the bag of tulip bulbs under one arm and whistled loudly.  
Now, what do you think he was whistling for? Not to make music. He was whistling for his rag dog, Mike, who always went everywhere with his master.

"Here, Mike, you carry the spade!" cried Jack.

And Mike took the little toy spade between his calico teeth and trotted off into the corner of the garden where his master liked best to dig.  
Of course they had a lovely time. Jack dug holes in the ground about three times as deep as the tulip bulbs. Then Mike would drop in a bulb and Jack would fill the hole, and both of them would jump on the earth. They both were not very heavy, so a tulip would have no trouble growing right up past the hard earth.

But alas for the blossoms! After supper that night Mike still felt hungry. Probably spring is a very hungry time for all growing things. Anyway, Mike went out in the garden quite alone, scratched up his master's bulbs and set his calico teeth right through the juiciest bulbs there. He kept a shoe button eye on the nursery windows, and when he had finished his mischief he crawled into one and went sound asleep on his bulb salad.

Conundrum.  
Why is a widow like a gardener? Because she tries to get rid of her weeds.

## THE MAUZY COMPANY

Unusual Values in Wearing Apparel for the Larger Women.

It has been our pleasure this season to serve many women who have heretofore found great difficulty in securing proper suits, coats, dresses and waists. Women of extra measurements who require specially designed garments—longer in front, wider in sleeves, a little broader through the shoulders and so on—will find that we have just the garments they desire. And they will find them up to the very minute in style and scientifically constructed to give them the correct, stylish lines they require.

- Dresses**  
of taffeta, crepe de chene and beautiful wash materials. The models are excellent. Sizes up to 49.
- Suits**  
that are worth, every cent their original price, now marked very low. Sizes up to 49.
- Coats**  
of excellent materials, reasonably priced, sizes up to 53. Some splendid garments for anto and wet weather use.
- Hosiery**  
Gordon extra size hose have no peer. To be had in cotton, lisle, silk fibre and pure silk. The next time you want a union suit or separate vest and drawers, ask for "Forest Mills."
- Wash Skirts**  
Wooltex "Pre-Shrunk" wash skirts are just what you want—never shrink a particle. Waist measures up to 36. Handsome models in wool skirts, too.
- Corsets**  
Our graduate corsetiere is the best friend the stout woman has. She has been specially schooled in fitting the stout figure. We carry a great variety of models, suitable for all types in sizes up to 40. Should you require a larger one, we shall be pleased to order. You have the choice of the Gossard, Kabo or W. B. An exquisite showing of brassieres and confiners, too. All fittings and consultations FREE.

**Mildred Undermuslins**  
for stout women. No more do you need to make your undergarments. Made of good quality materials in youthful and graceful styles. A full range of styles and prices carried in skirts, gowns, drawers, envelope chemise and corset covers.

## HOLLWEG RESIGNS, REPORT

Bavarian Premier Hurling's Presence in Berlin Starts Story

(By United Press.)

London, May 9.—Presence in Berlin of Bavarian Premier Hurling has revived rumors that he is to succeed Von Bethmann Hollweg as imperial chancellor. Unconfirmed rumors state that Hollweg has already handed in his resignation.

Dissatisfaction over repeated postponements of the chancellor to speak outlining Germany's war aims has caused renewed opposition against him.

Princeton—Marriage during the last month in Princeton increased 50% over the same period a year ago.

Bluffton—Gardening talks are being given to children in Bluffton public schools to interest them in the increased food production movement.

## TODAY'S HOOSIER/ODDITY

Columbia City, May 9.—Residents of the lake region in Whiteley county are urging that laws restricting fish catching be removed during the war so that people may have cheap food. The only restriction which should be retained they believe, is the one preventing catching of fish during spawning season.

The ladies of the Baptist church will give a box supper in the basement of the church Friday night.

Charles Caron is ill at his home in North Perkins street.

—C. C. Killinger of Richmond made a business trip here today.

—Mrs. Mary Mason made a business trip to Indianapolis today.

## FIRE DAMAGES HOUSE \$300

Blaze on Fitzgerald Farm is Extinguished by Bucket Brigade

The house on Thomas Fitzgerald's farm three miles northeast of Fairview was damaged by fire yesterday afternoon at three o'clock when it caught fire from some unknown cause. But for the aid of neighbors who quickly formed a bucket brigade, the house would have been destroyed. The kitchen and pantry were damaged to the extent of \$300, which is fully covered by insurance. The fire broke out between the weather boarding and plastering in the kitchen. Mr. Fitzgerald and his family lived in the house.

## TWENTY-NINE GRADUATED

Commencement Exercises Are Held at the Fairview School

Eighteen high school graduates and eleven eighth-year graduates received diplomas at the Fairview commencement last night. The high school class was one of the largest in the history of the school. The class address was delivered by the Rev. Charles Whitman of Liberty to an audience that packed the hall. The music was provided by a Connorsville orchestra.

## Amusements

It is nearly a hundred years ago that Lord Bulwer Lytton wrote "The Last Days of Pompeii" and during all that time it has survived as one of the greatest romantic novels in the world of literature, and still holds marvelous fascination for hosts of readers.

George Kleine has produced a photo drama which will doubtless live for many years to come and be shown upon the screen ages hence. Mr. Kleine's production was made in Italy and visualizes all the most important incidents of the story with vivid realism. The heart rending tale of the great love of the blind flower girl, Nydia, for her handsome master, Glaucus, and her terrible suffering when she learns Ione has won his heart, are all brought out with telling truth. And the final episode showing the awful catastrophe of the eruption of the mighty volcano of Vesuvius with its cloud of ashes, flame, smoke, completely destroying Pompeii, is reproduced with spectacular grandeur that is awe-inspiring and impressive. Taken as a whole it is one of the most remarkable photo dramas that has ever been produced. This fine six reel feature will be given tonight at the Graham Annex auditorium, beginning at 7:30 o'clock; time of production one and one-half hours. Special music has been furnished written for this feature.

The attraction at the Gem tonight will be Mary Miles Minter in "Youths Endearing Charm." As Orphan Mary, Miss Minter enacts the role of a desolate little girl who after a long battle with starvation in the slums of a city is committed to an orphan's asylum, and later bound out to a cruel family. Finally after months of drudgery and untold hardships the hapless little girl attracts the attention of a wealthy and kindly woman who adopts her as her own. The story is abounding in interest and human appeal.

The Lyric will show the next chapter of "Pearl of the Army" for the first picture tonight. This is said to be one of the most thrilling chapters of the entire story. Pearl White is featured as usual. The second is entitled "Krazy Kat." It is a cartoon comedy. An educational film "Paper" will also be shown. The last is a comedy "Luke's Movie Muddle." Tomorrow the feature drama "The House of Mirrors" will be shown.

"The Weakness of Strength" is the title of the feature drama at the Princess tonight. Ormi Hawley and Edmund Bruce are featured. It is said to tell a wonderful story and there are many gripping scenes. Tomorrow Mrs. Vernon Castle will be seen in the next picture.

# We "Repair" Cars

## WE NEVER "PATCH" THEM

We search out the seat of the trouble and cure the defect. We can do this because our mechanics are familiar with every part of your car. They know when each part is in good working order and when it is not. And they know HOW to put it in perfect working condition.

Bring that sick car to us. We'll CURE it, and our charges will be VERY REASONABLE.

We sell anything from a Car to a Spark Plug, and save you the freight or express.

## NOTICE TO NON-RESIDENTS

THE STATE OF INDIANA, RUSH COUNTY, In the Rush Circuit Court, May Term, 1917. Laura Ivins Riley et al. vs. David Ivins et al. Complaint No. 10.

Now come the plaintiffs, by Douglas Morris, and Robert W. Daniels, their attorneys, and file their complaint herein, together with an affidavit of said Morris that said defendants, James C. Oldfield, Leroy Oldfield, Amanda B. Prather, Grant Oldfield, Willard Oldfield, Raymond Riley, Audrey Riley, John Tate, Estelle Way and Elsie Way, and Mrs. A. Cook, whose Christian name is unknown, but who is the wife of Archie Cook, are, each and all, not residents of the State of Indiana; that said action is to establish a last will, and leave the titles to real estate in said county, and that said non-resident defendants are necessary parties thereto.

Notice is therefore hereby given said defendants, last named, that unless they be and appear on the 28th day of June, 1917, the 45th day of the next term of the Rush Circuit Court, commencing on the first Monday of May, A. D. 1917, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence.

Witness my name and the Seal of said Court, at Rushville, this 30th day of April, A. D. 1917. GEO. B. MOORE, Clerk.

## SPRING PLOWING IS ABOVE AVERAGE

Crop Summary Discloses Per Cent Done is 64 as Compared to 10-Year Average of 60

PLANTING AHEAD OF AVERAGE

These Figures Are in Spite of Fact That This Spring Has Seemed "Backward"

Although this spring has seemed "backward" and farmers have dispaired of making any headway planting spring crops, the estimated per cent of plowing done in the state up to May 1 was ahead of the per cent last year and the ten-year average, according to crop figures sent out by the United States department of agriculture and issued by George C. Bryant, field agent for Indiana.

The continued rains of the last two weeks or more have delayed what looked to be in April a fine start of spring farm work. From day to day fair and warmer weather has been promised but it has been invariably the rule that the skies clouded and scarcely a day passes that rain does not fall. Fair and warmer weather was promised today by the weather man, but clouds gathered early in the day and rain threatened. The forecast of fair and warmer was moved forward another day.

The excessively wet weather has not been without its benefits, however. The report of the state field agent says that the wheat and rye crops are in much better condition than they were the first of April.

According to the government crop report, the estimated per cent of spring plowing done in the state to May 1 was sixty-four, whereas the ten-year average for the same date is sixty per cent and a year ago only fifty-four per cent of the plowing was done on May 1. The estimated per cent of spring planting done May 1 in the state is forty-two. The ten-year average for spring planting on the same date in Indiana is thirty-nine per cent and last year on May 1 forty-one per cent of the spring planting was done. The Indiana crop summary follows:

Generally speaking, the first of May found the wheat and rye crops in a much better condition than a month previous. In all sections of the state, except the extreme northwest corner, these crops have shown wonderful improvement. While the stand is not all that could be desired, the plant has an exceptionally healthy and vigorous appearance, and a general feeling of encouragement is manifest. There will not be as much of the wheat acreage seed-

ed to other crops as was earlier anticipated, and many fields of rye that were originally intended for fertilizer crops will be allowed to stand.

Rains during the last week of April have materially improved the meadows and pastures, although many of the poorer ones have been plowed up for seeding to more profitable crops.

Hay acreage will hardly be as large as last year. Much of the last year's crop still on farms will be used for feed on account of the shortage of cereal feeds.

Spring plowing and planting progressed very rapidly until the latter part of the month, when the rains stopped the work.

Oats and grass seeding is practically completed, and many fields of poor meadows and pastures have been plowed up for seeding to corn and other spring crops.
